*Attractive honey straw colour. Typical Noble Late Harvest nose - touch of Muscat and abundance of Botrytis. Full-flavoured, sweet and fruity taste with integrated wood and lingering aftertaste.*

### Climate:

Continental climate.

### Soil:

Deep, rocky terrace.

### Vinification:

Cold fermentation during 35 days. No Maturation.

### SLANGHOEK CELLAR

Slanghoek Cellar is situated in the magnificently scenic Slanghoek Valley, just outside the rural town village of Rawsonville and approximately one hour's drive from Cape Town in the beautiful Western Cape Winelands of South Africa. Innovative technology and modern equipment, coupled with the very best and most sustainable viticultural and cellar practises, enable the winemakers and their team to produce wines that boast numerous sought-after titles and prestigious local and international awards.
